BRING ATMOSPHERE INTO YOUR BATHROOM

EFFECT LIGHT CHAIN

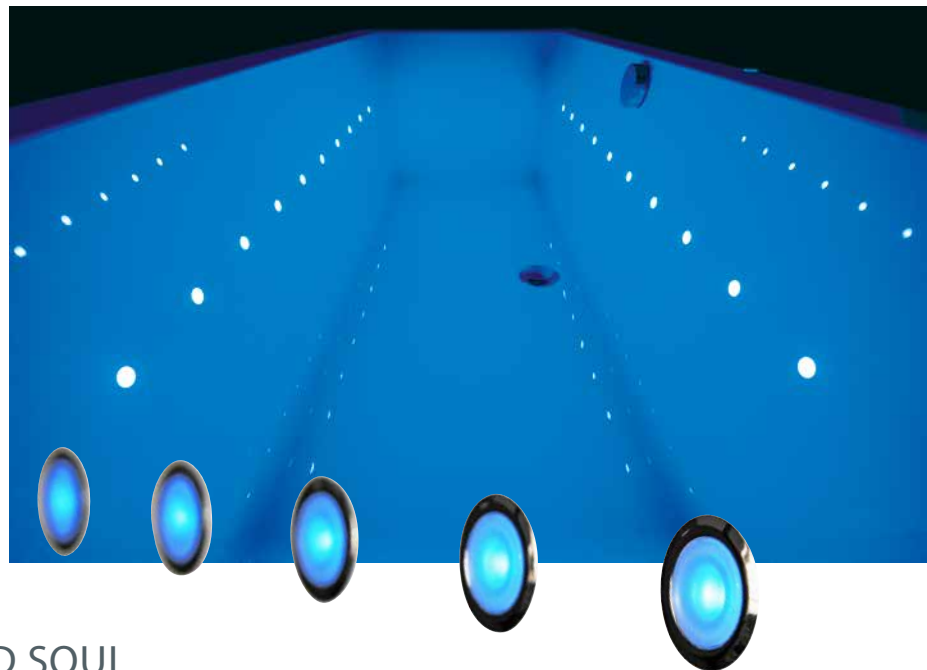

OPTIONAL FOR EVERY TUB

During a relaxing bath, chromotherapy unfolds its optimal positive effects on body, mind, and soul.

LED colored lights create gently changing colors and a calm, low-stimulus atmosphere.

You can have the effect lighting chain installed in any tub independently of the whirl system. It can be operated via a short-stroke button.

If one light point fails, it can be easily and quickly replaced from the inside of the tub.

PURE LUXURY FOR BODY AND SOUL

THE JETS

FLATLINE [impressive, super flat, geometry of the jets]

Our high-quality in-house manufactured Flatline jets and whirlpool components ensure a real feeling of wellness. Depending on the system selected, gentle or invigorating jets of water massage your body - making your relaxing bath a healthy feel-good experience.

The ultimate bubble experience!

SYSTEM 1

Symbolic photo: Tub by Koller
Tub size 180 x 80 cm

8 JETS Water

EQUIPMENT

- Fittings
Chrome-plated plastic
- 8 Midi Jets (side)
- 1 Air controller
for the Midi Jets
- 1 Function switch
(short-stroke button)
- 1 Side intake
- 1 Electronic control
- 1 Water level sensor
(Protection of the tub from
accidental switch on without
water)
- 1 Drain overflow
without filling
- 1 Siphon

Turning the air controller opens and closes the air admixture. This allows the water massage jet to be made more invigorating.

The system is switched on and off again with the short-stroke button.

Midi Jets (Side)

SYSTEM 2

Turning the air controller opens and closes the air admixture. This allows the water massage jet to be made more invigorating. The system is switched on and off again with the short-stroke button.

20 JETS 
Water

EQUIPMENT

- Fittings
Chrome-plated plastic
- 4 Midi Jets (side)
- 2 Midi Jets (foot)
- 4 Micro Jets (back)
- 10 Water Jet Micro Jets (bottom)
- 1 Air controller for the Midi Jets
- 1 Function switch (short-stroke button)
- 1 two-way valve (manual changeover between: Jets group 1: Back, side and foot jets and Jets group 2: bottom jets)
- 1 Side intake
- 1 Electronic control
- 1 Water level sensor (Protection of the tub from accidental switch on without water)
- 1 Drain overflow without filling
- 1 Siphon

SYSTEM 3

24 JETS

EQUIPMENT

- Fittings
Chrome-plated plastic
- 4 Midi Jets (side)
- 2 Midi Jets (foot)
- 6 Micro Jets (back)
- 12 Air Jets (bottom)
- 1 Air controller
for the Midi and Micro Jets
- 1 Direct Line push button
(4 functions)
- 1 Side intake
- 1 Electronic control
- 1 Water level sensor
(Protection of the tub from
accidental switch on without
water)
- 1 Drain overflow
without filling
- 1 Siphon

Turning the air controller opens and closes the air admixture. This allows the water massage jet to be made more invigorating.

The system is switched on and off again with the Direct Line pushbutton switch. Starts, stops and regulates the blower, or switches the water system on and off.

LEADING WHIRLPOOL SYSTEMS FOR OVER 45 YEARS

Koller Whirlpool was founded in 1978 and quickly developed into an internationally successful company. Koller Whirlpool was one of the first companies worldwide to use whirlpool technology in bathtubs and to use brass material for whirlpools. With over 750 certificates, Koller Whirlpool stands for innovative technology - past, present, and future.

100% in-house development and production. We stand for proven Koller quality and manufacture the complete product range exclusively at our facilities in the EU.

Complete solutions from pump to lighting. Koller products are technically perfectly matched and are manufactured in close collaboration with our customers and partners. We offer you complete solutions for whirlpool and spa!

Koller Quality Guarantee. Trust is good, control is better. That's why our products go through a precise inspection process and are thoroughly checked before shipping.

We look forward to future successes and a strong partnership!
