MINIMAX

PNEUMATIC OR ELECTRONIC

20 JETS

MINIMAX system

20 jets are placed in exact spots to cover all the target areas of the body - legs, feet, back and arms.

SIMPLE SYSTEM OF GOODNESS!

Description:

20 jets are operated by one pump.

The **MINIMAX** system is characterized by a delightfully pleasant sound – imagine unwinding next to a wonderfully relaxing cascade.

The air blower is eliminated from this whirlpool system.

This system has become very popular with our customers in recent years.

We innovate for you!

Not all bathtub models allow space for more than 1 appliance –

Koller Milk System is a unique oxygenation treatment. Recommended for daily use, in the comfort of your own home.

Microbubbles purify our pores, providing an additional protection to our greatest organ, the skin. Apart from rejuvenation, Balneology Research Institute found that, within 10 days of use (30 minutes a day treatment), **Koller Milk System** has shown to alleviate itchininess and skin illness' symptoms.

It supports blood pressure regulation and cardiovascular system. With the positive effect on the nervous system it normalizes sleep patterns, generally adding to our wellbeing.

Available in two versions:

With 2 jets and a small pump
for tubs up to 400 l

With 4 jets and a big pump
for tubs from 400 to 800 l

Kindly be guided that **Koller Milk System** can be installed as a stand alone system or as an addition to an already existing kit.
