STEAM BATH MILK

Aroma liquid for steam saunas and Turkish steam baths. Steam Bath Milk contains perfume oils and herbal extracts which create a pleasant and fresh scent in your steam bath.

Properties: Steam Bath Milk consists of perfume oils and herbs which have a calming and invigorating effect on the respiratory system.

Application: Steam Bath Milk is a concentrate and is to be used only in diluted form. Recommended dosage: 1 litre of Steam Bath Milk to 10 litres of water (1:10). Suitable for automatic dosage only.

Available in following scents: Eucalyptus, Euca-Mint, Pine Tree and Lavender

INFRARED CABINS AROMATHERAPY

Calms and activates respiration.

Application: Preheat the cabin between 45° - 55°C. Hold the container for a few seconds with the closure downwards. Open the container and position it in a suitable place in the cabin (at the bottom area e.g. under the bench). Within approx. 5 minutes the scent will spread throughout the cabin. Remove and close the container for future use.

Available in following scents: Eucalyptus, Euca-Mint, Pine Tree, Lavender and Rosemary

BATH SALTS FROM THE DEAD SEA

Mud and salts from the Dead Sea contain numerous mineral nutrients and trace elements and possess the highest concentration of magnesium and potassium of the world's seawater resources. Our body can absorb these substances through the pores with the result of silky smooth and supple skin.

Properties: Developed especially for use in whirlpools and hydro massage baths, Bath Salts from the Dead Sea have a purifying and soothingly relaxing effect. Potassium firms the skin and magnesium strengthens the muscles. They are especially beneficial to the skin in cases of psoriasis and eczema.

Ingredients: Dead Sea salts, perfume oils

Application: For a bath, dissolve 5 tbs of Bath Salts in water at a temperature of 36° - 38°C. Duration of bath: 15 - 20 minutes. For external application only. Also suitable as a body scrub.

Available in following scents: Mint, Lilac, Lemon, Hyacinth, Eucalyptus, Orange, Honeysuckle, Vanilla, Rosemary, Natural, Green Tea, Rose, Lavender and Orchid

BIO-HERB BATH SALTS

Salts from the Dead Sea, when added to a bath, serve as an exfoliate. Dead skin cells are removed and blood circulation is improved.

A bath with BIO-Herb Bath Salts opens the pores, allowing them to release pollutants while at the same time absorbing herbal extracts. The result is a silky-smooth skin as well as a feeling of deep relaxation and wellbeing.

Properties: Developed especially for use in bath tubs, Bath Salts from the Dead Sea have a purifying and soothingly relaxing effect. Potassium

firms the skin and magnesium strengthens the muscles. Herbal extracts allow for total relaxation, inner peace and balance. Is not recommended for use in whirlpools and hydro massage baths.

Ingredients: Dead Sea salts, BIO-Herbs

Application: For a bath, dissolve 5 tbs of Bath Salts in water at a temperature of 36° - 38°C. Duration of bath: 15 - 20 minutes. For external application only. Also suitable as a body scrub. After use, rinse the bath with hot water to remove any product residues.

Available in following scents: Wild Flowers, Melissa, Chamomile, Peppermint, Lavender Blossoms and Orange Peel

Natural product and free
of chemical additives

SAUNA PERFUME

The RELAXAN sauna perfume has been especially developed for use in Finnish saunas. It consists of perfume oils, which create an invigorating scent in your sauna. It is very efficient due to its high concentration of perfume.

Application: Dilute at a ratio of 1:15 with water and pour on the hot stones.

Available in following scents: Eucalyptus, Euca-Mint, Pine Tree, Lavender, Rosemary and Anise

BATH PERFUME

ESPECIALLY FOR WHIRLPOOLS

Relaxan Fine Bath Perfume treats body and soul. It consists of carefully chosen herbs and perfume oils and is suitable for aromatherapy treatment.

Application: For a bath, dissolve 25 ml of Fine Bath Perfume in water at a temperature of 36° - 38°C.

Available in following scents: Eucalyptus, Orchid, Pine Tree, Lavender, Jasmine, Rose, Lilac, Hyacinth, Rosemary, Green Tea, Honeysuckle and Lily of the Valley

STEAM BATH SPRAY CONCENTRATE FOR SMALL-SIZED STEAM BATHS

RELAXAN Steam Bath Spray for steam saunas and small-sized steam cabins consists of perfume oils that give a pleasant fragrance to the steam bath. It is calming and refreshes the respiratory system. For manual dosage only. The spray is very efficient due to its high concentration of fragrance.

Application: Steam Bath Spray is a concentrate and is directly applied to the water vapour. As soon as the temperature in the steam cabin reaches 40 °C, spray the concentrate into the steam. Accordingly, press the spray to attain preferred scent strength.

This product meets IFRA standards.

Available in following scents: Eucalyptus, Mint, Euca-Mint, Pine Tree, Rosemary and Lavender
